

FROM PRINCIPLE TO PRACTICE

For the following statements, think about your own work and how you may have relied on co-design, but by another name. How might you already be familiar with some of these concepts and approaches? Does this make you feel more or less ready to take on co-design? Think about how learning more could shift the way you co-design.

I co-design by...

I want to co-design by...

I co-design by...

I want to co-design by...

I co-design by...

I want to co-design by...

I feel (ready / not ready) to take on co-design because...
